Audio Script

In this listening, you will hear someone talking about a city. Listen carefully and answer the questions

Hello, my name is Sultan, and I'm a trainee at Energytech here in Khafji. I'm really happy to be here because my classes are fantastic.

My friend Omar is also a trainee—usually he's very happy too, but today he's just a bit tired and sad. The teachers at Energytech are very friendly, so it's a great place to study.

Now, let me tell you a bit about the city. We're in Khafji, and I like it a lot. It's a small city, but very nice. There's a big shop near my house that's very cheap, not expensive at all—so I buy my food there every day. On the other hand, some of the big restaurants in the center can be quite expensive. But for me, the food in Khafji is always fantastic, never awful.

If you look around at the people here, you'll see they're very helpful. Like that man over there—he's a doctor and very friendly. And the woman at the desk is a teacher. Some people think the summer weather is awful because it's so hot, but I think the beach here in Khafji is absolutely fantastic. We're trainees, and we really love our city.
