

CE L2 Listening U03

Objective 2: Can follow simple, everyday transactions (shopping and eating out) if carried out slowly and clearly

Audio Script

In this listening, you will hear two friends talking about shopping at a shopping mall. Listen carefully and answer the questions.

(Setting: Walking through a supermarket section of a large mall)

Fahad: This mall is very big, Omar! I need to buy some food for my apartment.

Omar: Me too. My fridge is empty. Look, the fruit is over here. Do you need anything?

Fahad: Yes, I need some fruit. I'll take six **apples**. They look very fresh.

Omar: Good idea. I need vegetables. I want to make a salad, so I'll get some **potatoes**.

Fahad: Do we have everything for breakfast?

Omar: No, we need **bread** and **eggs**. Oh, and don't forget the **milk**. I like to have it with my cereal in the morning.

Fahad: Okay, I have the milk. I also need some **cheese** for my sandwiches.

Omar: What about dinner tonight? Let's cook something easy.

Fahad: How about **chicken** with **rice**? Or maybe **pasta**?

Omar: Let's do chicken and **rice**. It's faster. I'll go find the rice now.

(Setting: They move to a café to rest after shopping)

Omar: I'm tired. Let's sit down here. This café looks nice.

Fahad: Good idea. I'm very thirsty.

Waiter: Good afternoon. Would you like to order?

Fahad: Yes, please. Can I have a bottle of **water** and a hot **tea**, please?

Waiter: Of course. And for you, sir?

Omar: I'd like a **coffee**, please. Black, no sugar.

Waiter: Would you like anything to eat? We have fresh cake.

Fahad: No, thank you. Just the drinks.

Omar: Actually, can I have a glass of **water** too? It's very hot today.

Waiter: Certainly. One tea, one coffee, and two waters. I'll bring them in a moment.

Fahad: Thanks. Look, Omar, the shops here aren't expensive, but the café is a bit pricey!

Omar: That's true, but the people are very friendly. I like this place.

Answer Key

1. True
2. False (Fahad needs fruit, Omar needs vegetables.)
3. False (They decide to cook chicken and rice.)
4. False (Fahad orders water and tea; Omar orders coffee.)
5. True
