

A2 Key Listening – My Hometown

Audio Script

you will hear about my hometown.

My hometown is a busy and friendly place.

It is quite modern, and many people like living there.

There are many places in the town.

There is a shopping centre, a supermarket, and many shops.

People also meet friends in cafés and restaurants.

Families often go to the park in the afternoon.

There is a school and a university in my town.

Students study there during the week.

Near the school, there is a bus stop, and not far away, there is a train station.

The town is not near the sea, but there is a river near the centre.

Outside the town, there is a small hill, but there are no mountains.

In the morning, people travel to work or study.

Many people go by car or bus.

Some people walk because their office is near their home.

People work in offices, shops, or restaurants.

Others study at school or university.

During the day, the town is very active.

At lunchtime, people eat at home or in a restaurant.

In the evening, people relax.

They meet friends, go shopping, or stay at home with family.

At night, the town is quieter, but people still enjoy their free time.

This is my home town.

Thank you for listening.
