

Unit 10: A Life Story: Larry Page

Listening Script - Character: Narrator - A simple educational biography about a famous technology inventor.

*Today, we learn about the life of Larry Page. He is a famous **computer scientist** and **inventor**.*

*Larry Page was **born** in 1973. He was born in the United States. His father was a computer professor. His mother was a teacher. So, he loved computers and learning from a young age.*

*For his **education**, he studied at a very good university called the University of Michigan. Then, he went to Stanford University to study more. At Stanford, he met another student named Sergey Brin.*

*Together, Larry and Sergey started a **project** in 1996. They worked in a small room. They wanted to organize all the information on the internet. They invented a new **search engine**. They called this search engine 'Google'.*

The name 'Google' started in a small garage in 1998. This garage was in California. The company became very, very big. Larry Page was the CEO, or boss, of Google for many years.

*For his **family life**, Larry Page is married. He has two children. He is also a pilot and likes to fly **planes**.*

*In his **work**, he did not stop with Google. He helped start other big projects. One project is a company that makes new **planes** and flying cars.*

Larry Page's story shows how a student's idea can change the world. Thank you for listening."

Activity 1: Match Match the life event category (Column A) with a key detail about Larry Page (Column B). You will not use all the responses.

Column A	Column B
1. Birth & Early Life	A) Father was a computer professor.
2. Education	B) Studied at Stanford University.
3. Famous Project/Work	C) Co-invented the Google search engine.
4. Family	D) Won an award for music.
5. Other Interests	E) Is married and has two children.
	F) Is a pilot and likes planes.
	G) Worked as a teacher.
	H) Was born in Canada

(Answers: 1-A, 2-B, 3-C, 4-E, 5-F)

Activity 2: True or False - *Listen to the biography. Are these sentences True (T) or False (F)?*

1. Larry Page was born in 1973.
2. His mother was a computer professor.
3. He met Sergey Brin at Stanford University.
4. Google started in a big office building.
5. Larry Page has three children.

(Answers: 1. T, 2. F, 3. T, 4. F, 5. F)

Activity 3: Multiple Choice (MCQ) - *Choose the correct answer: a, b, c, or d.*

1. What did Larry Page's father do for work?
 - a) He was a teacher.
 - b) He was a computer professor.
 - c) He was a pilot.
 - d) He was an inventor.
